

Lakshmi Narain College of Technology (MCA), Bhopal

Program Specific Outcomes (PSOs)

PSO-1: Apply advanced computing techniques, programming skills, and software engineering principles to design and implement efficient software solutions for real world applications.

PSO-2: Analyze and utilize emerging technologies such as Artificial Intelligence, Machine Learning, Data Analytics, and Cloud Computing to develop innovative solutions for complex problems in diverse domains.

PSO-3: Demonstrate professional ethics, effective communication, team work and continuous learning to adapt to evolving technological and societal needs.
